vs.

Pinal County Sheriffs Office
 Respondent

Notice of
 Response

(Hon. Douglas L. Reyes)

I, Joshua Allen Pitts, having sent a Habeas Corpus petition, would like to clarify a few points. I believe the court has mis-constructed this writ as the wrong one. I am seeking this honorable court to order a lower court (Pinal Superior) to provide proof of jurisdiction. I have asked multiple judges multiple times, "What documents are in evidence that prove this courts jurisdiction over my person?" and "What documents are in evidence that provide this court subject matter jurisdiction?" None will answer.

I have not been knowingly convicted yet. Everytime I ask those questions I am removed from the courtroom.

As I understand it, as I tell them, is the issue of jurisdiction can be brought up at any time and once challenged it must be proven or dismissed.

Apparently today I am going to trial for charges I a) never been read b) never been asked if I understand them and c) never knowingly entered into an agreement to follow. I have created no injured party and there is no claim that I have been shown, despite requesting many times.

I have written letters to the Governor, Atty. Gen., U.S. Atty Gen., U.S. Pres, Sheriff, Secretary State, and even Sen's McCain and Paul, all asking for help. None have answered. This court is my last hope. I do not know who else to turn to as my natural rights are being severely and arbitrarily deprived. "No one shall be deprived of Life, Liberty, or private property."

Thank you for your time and effort.

Signed Without Prejudice,
